About ANMI

Association of NSE Members of India (Formerly known as Association of National Exchanges Members of India) (ANMI) is a registered trust committed to empowering underprivileged communities by promoting financial literacy, capital market awareness, and employable skill development. Our vision is to create equal access to knowledge and opportunities, enabling deserving youth from economically weaker sections to build strong, independent careers in India's growing financial ecosystem. Through our CSR initiatives, ANMI equips students with market-ready skills, industry knowledge, and professional certifications, enabling them to become future investors, professionals, and entrepreneurs.

ANMI's Objective

Our Core Objectives

- Strengthen the talent and skill pool of India's broking and capital market ecosystem.
- Empower students from underprivileged backgrounds through structured training.
- Educate potential investors from communities traditionally excluded from market participation.
- Build employability, confidence, and financial independence.

Why This Initiative Matters

- India has 11 crore unique investors and 21 crore demat accounts.
- Only 4,900 registered brokers serve this growing investor base (as of August 2025).
- There exists a sharp deficit of trained, certified, and market-ready talent.

ANMI aims to bridge this gap by training youth who otherwise lack access to such opportunities.

Purpose of ANMI CSR Initiative

To train meritorious underprivileged students and prepare them for professional careers in the financial markets.

Who We Support:

- Graduate students from low-income households
- Family income ≤ ₹6,00,000 per annum
- High merit, interest, and skill but lack financial resources

Program Duration:

- 40 Hours of structured, interactive learning

Certification:

NISM Certificate in the Advanced Course in Capital Markets

- AI learning modules
- Study materials and education kits

Selection Process:

Partner colleges select eligible students based on:

✔ Annual family income ≤ ₹6,00,000
✔ Academic merit
✔ Interest in financial markets

All selected students receive training, materials, and NISM certification.

Our Impact So Far:

ANMI has already trained:

300+ Underprivileged Students

across multiple Mumbai colleges— many of whom are now moving towards promising careers, professional certifications, and entrepreneurial opportunities.
